

Friday 17th October

To all competitors and national federations

Due to the favourable weather conditions and further feedback received, in a joint decision by the race officials and the technical delegate, I advise of the following changes to the Pacific Cup racing conditions:

Road Race

- The following distances will now apply:
 - Men – approx. 82km (5 laps)
 - Women – approx. 65km (4 laps)
- The men will start at 10am and the women will start at 10.10am (as advertised)

A reminder if you do not complete the assigned laps above, you must report to an official at the start/finish to confirm your withdrawal. Those who confirm their withdrawal will still receive a placing. Those who do not will be listed as a DNF.

Signed

Brendan Patterson
